SPECTACLES REDISTRIBUTION

TAVERHAM & DISTRICT AREA OF SERVICE:

LIONS SHARE

Project description

There was a need to redistribute unwanted spectacles to the 3rd world.

Lions collection boxes are placed at various surgeries and other locations in our area. We collected from 12 sites and sorted ready for onward transport by Dereham Lions.

We also collected boxes of spectacles from Sheringham Lions and took those to Dereham. Dereham Lions arranged transport to the Chichester Lions sorting centre. We shared the cost of transport (£89).

SPECTACLES REDISTRIBUTION

TAVERHAM & DISTRICT AREA OF SERVICE:

LIONS SHARE

What went well?

Very effective way of collecting unwanted spectacles and preparing for use in the 3rd world. Large numbers collected, suggesting the public recognize the value of the collection.

Lessons learnt

- Chichester overwhelmed by numbers collected across the multi-district.
- Some members of the public put unwanted items in the collection boxes.

600-700 people served

(based on number of spectacles collected)

64 volunteer hours
