

The Lions Bulletin

LIONS DISTRICT 105CE

W/B 23 November 2020

DG UJJAL'S MESSAGE:

This week we had an ICT meeting to update the information; this is done regularly so that all receive the latest version. We had a Convention CE meeting to discuss the details. Please book in for the Convention as normal, if any changes occur and format is virtual, your money will be refunded, this way the Hotel and we can prepare to reserve rooms for you.

I attended a GAT webinar which consisted of various types of grants amongst other items. Our District is the only one who applied for GAT grant available to DGs and received it. 2nd VDG Chris wrote a Gleaning story on application.

SPT meeting was held and a varied number of items were discussed. Dues was one of the items on the agenda. You will hear from each officer on the progress being made.

MD Events committee had a meeting to discuss the programme for the MD Convention and its presentation format.

The Symposium took place at the weekend; we had Eight Candidates from our District, two dropped out due to work commitments. I have had a very positive feedback that all performed well and to a high standard; we have leaders for the future in development. I have received the Peace Poster entries; they have been judged by the President of Taverham and District Lions and his team. I will be forwarding the winning entry to the MD officer.

I will let you know more as life unfolds for another week.

Keep Safe and well with your Families and Clubs.

Calling all Clubs in Cambridgeshire, Norfolk, Suffolk & Essex

The Lions Hearing Trust still has about £3,000 available for Deaf Awareness training expenses, or to enhance the lives of those with Hearing Impairment. To comply with the trust deed, the money can only be spent within the 4 counties of Cambridgeshire, Norfolk, Suffolk and Essex).

If any clubs have ideas of where the money could be usefully spent, and involve their local Lions Clubs could you please let myself or VDG Lion David Pope know.

I am happy (once this pandemic is under control) to do Deaf Awareness training anywhere within our District.
