LIONS DISTRICT 105CE

W/E 26 July 2020

DG UJJAL'S MESSAGE:

The DG Team got together for Change Over last Sunday as you might have seen in the Monthly News.

It was a fabulous day and we all sat in 1st VDG David's garden while he prepared a delicious BBQ.

IPDG Guch passed on the DG Collar to me, at the end of a Golf stick, keeping social distancing, I then passed mine to 1st VDG David and David passed his to 2nd VDG Chris.

The Ladies Manjit, Clare and Sue then garlanded us respectively, while Ravinder was filming the process. My Sincere thanks to David, Clare and their daughters Imogen and Isabel who hosted and facilitated the changeover; it was a lovely afternoon, very enjoyable, and no one wanted to leave.

During the week amongst a mass of emails, we had a very informative website introduction by the ICT/Comms Team. It was very well presented; must have taken a lot of time and effort to get it to this high standard, improvements are made all the time. Well Done Team.

PDG Derek Prior arranged a Zoom Call with our twinned District 111NH Germany. We had a good and productive meeting and progress is being made; you will hear it from Derek in time to come.

We have a Council of Governors meeting on Saturday and it may run into Sunday depending on the amount of business to be discussed.

Have a great week.

Great marketing idea -The club sponsored and painted a picnic table in their town.

Monthly Reports

These are now due on MY LCI.

Knitting Needles & Crochet Hooks Needed

SOS for knitting needles and crochet hooks! Lions, would you please put the word out for knitting needles?

Does your Mum, Dad Granny or Neighbour have any they no longer need?

The Mumba Children's Project has plenty of Zambian women who are very happy to knit school jumpers. They have wool but are short of needles. Please contact and send to Lion_Kelly@NCLCEA

If you can sew, knit, or crochet I need your help please. I run an online group that makes things for charities like syringe driver bags, bead bags for children with cancer, and new born hats. We can also supply dementia fiddle muffs and Angel Gowns. If you would like to help please join our [Facebook group](#) where you can find a list of causes and patterns. [Lion Kelly-Marie](#)

Southend-on-Sea Lions in Essex are currently storing three motorised wheelchairs - would any Lions Club like to have them/know of anyone who may need them?

One is a "Go Chair" and one is a "Quantum 610" and I believe the other one to be an Invacare. I have no idea of their age but they have been stored for a good few years so will without a doubt need a new battery and a thorough service.

We have tried different avenues to give them away but to no avail and it seems a shame to just store them and let them deteriorate plus they are taking up much needed space!

WEBSITE OF THE WEEK

Every 45 seconds someone in the UK finds a volunteering opportunity thanks to Do-it.org.

What's more you can also advertise and recruit for members from your Lions club actives on the site.

Do-it.org is the national database of volunteering opportunities. Search more than 1 million volunteering opportunities by interest, activity or location and apply online.

SOFTWARE OF THE WEEK

LION ADRIAN ROBINSON

Teams has combined a chat platform with a video conferencing system. You can blur the background on video calls, letting you phase out the background of your video during a meeting (can be useful depending on where in your house you are working from!)

People you invite do not need a license to attend a Teams meeting, however, to organise one you'll need a Microsoft 365 or Office 365 license. Up to 250 people can attend, can do screen recording, screen sharing and also file sharing.
